Dan,

Thank you for the wonderful opportunity to perform duties for Immediate Connections on the SAP Convention in New Orleans.

The IC crew was fantastic, got along well, and was very competent. Such a pleasure to work with.

Thank you for the ease at which we all could approach you and the cordiality you showed every day. It meant so much to have you there to make sure things were running smoothly; something I'm not entirely used to on any gig.

I look forward to our working together again very soon.
